IS GREAT!

BLUE SKIES AHEAD FOR THE SUPER 8 CELEBRATION

WELCOME TO THE 8TH PLATINUM AUCTION AT BONA BONA GAME BREEDERS

As you turn the pages of this catalogue, you hold more than just a guide to today's events. You are invited to be part of a legacy, a movement and a future built on excellence, integrity and sustainability.

This year, we proudly celebrate the 8th Platinum Auction, a milestone that embodies the strength and evolution of South Africa's wildlife industry. Eight is great, not just as a reflection of our years of dedication to premium genetics and superior breeding, but as a symbol of the ever-growing impact we make together.

Each lot in this auction is a testament to generations of careful stewardship, ethical breeding and an unwavering commitment to the highest standards in wildlife conservation. From extraordinary Zambian sable to record-breaking buffalo, today's offering represents an opportunity not only to invest in world-class genetics but also to contribute to the broader vision of sustainability that drives us all forward.

But today is about more than just the auction; it is a celebration of conservation, community and the land that sustains us.

After the final bid is called, we gather to honour the Bona Bona Circle of Conservation, our holistic approach to

preserving Africa's wildlife for future generations. This philosophy ties together sustainable breeding, ethical hunting, immersive tourism and community upliftment — a model that ensures the wildlife industry not only thrives but continues to protect and enrich the natural world we all love.

The South African wildlife industry is a shining example of how conservation and economic sustainability go hand in hand. Thanks to the collective efforts of breeders, conservationists and wildlife enthusiasts like you, we are safeguarding the future, strengthening local communities and ensuring the untamed beauty of Africa remains intact for generations to come.

So, as we embark on a day of spirited bidding, shared passion and celebrating world-class wildlife breeding, let's take a moment to appreciate the journey we are on together. Here's to eight years of excellence, to the bonds that unite us and to a future where our love for wildlife continues to shape a better, more sustainable tomorrow.

Thank you for being here, for your continued support and for being part of the Bona Bona family.

Warmest regards

Pieter Ernst Jnr, the entire Ernst family and all of us at Bona Bona Wildlife

A rare gem in the wildlife industry, Ebony is a striking 40 1/8" Buffalo cow, an exceptional find for any serious breeder. The herd from which Ebony originates was established with the purchase of 3 East African cows from Sable Ranch, 6 cows from Thaba Tholo (amongst which was a 34 4/8" cow and a Matetsi daughter). The remaining 2 heifers that made up this herd were Tyson daughters (Wintershoek). Since then the herd remained closed with many 47"+ bulls being bred from this herd. Ebony comes with a 51 2/8" Drego heifer calf (Pink 402 - Microchip: 993021200012729) at foot and will be delivered in calf again to Drego, one of the most sought-after genetics in the industry.
